Kobus van den Bergh
& Associates
Professional Accountants & Tax Practitioners

Unit 1, 313 Kingsway, 313 Andrew Zondo Road, Amanzimtoti, tel 0319041100, email admin@kvdba.co.za

Dear clients,

Arguably, running a business has changed more dramatically over the last decade than during any other 10-year period in history.

To provide our clients with the best possible advice and service in this changing environment and be at the forefront of service delivery, we are pleased to announce that as of **1 November 2026, Kobus van den Bergh & Associates** becomes part of the national association of professionals called **"The Core Group"**.

The Core Group is a network of professional firms. This means that with our association we form part of the network but remain independent and in control of our own firm with regards to ownership and management while practicing in association with the firms in the group.

This association will allow us to add to existing service offering the following:

- audit services;
- investments;
- business & life insurance
- B-BBEE services;
- short-term insurance;
- information technology (IT);
- marketing and branding;
- cloud platforms & accounting;
- industrial relations;
- performance management;
- business coaching;
- risk management;
- and business process management,

Although we are adding to our service offering and will become part of a professional network it is important to note the following:

- Our fee structure will not change.
- You will continue to work with the same people in our firm you have grown accustomed to.
- All the services we have provided you in the past will continue without change.

You will further notice a change in our branding to incorporate the association.

We are confident that our new affiliation with "**The Core Group"** will serve us all well.

You can expect further communication over the following weeks.

Kind regards,

Kobus van den Bergh

Director
